EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment to claim 18 was given in a telephone interview with Dallas Smith (reg. 34074) on 20 December 2005. Examiner's amendment to claim 28 does not require authorization because it is a minor punctuation correction.

The application is amended as follows:

- Claim 18:
 - In line 2, "modulating one wavelength" should be "means for modulating one wavelength".
 - In line 3, "passing the modulated one" should be "means for passing the modulated one".
- Claim 28:
 - There should be a period at the end of the claim.
